Plot 17, Kakungulu Road, Ntinda  
P.O.Box 10262 Kampala

We also give scholastic materials such as books, pens, uniforms, mathematical sets, crayons, games and sports equipment among others.

### Water Project

World Shine Ministries has over the years been able to drill and construct over 50 bore halls, and water points for communities all over Uganda, this is because many areas in Uganda lack access to clean and accessible water, and therefore many have ended up getting sick and many dying due to lack of clean water in an area, through the generous giving of our donors, we have been able to provide clean water bore holes to the communities.

Despite the great work that the ministry has done and continues to do, many challenges are still being experienced by the ministry,

- Dormitory construction; Due to the increasing number for students and many students also staying far from the school, there is need for a modern dormitory to be built, the construction has started but we still need more funds for dormitory completion.
- We need more money, to purchase another school bus, since the number of students has greatly increased and one bus is no longer enough to pick and drop the students to school and back to their homes.
- We need more bibles and scholastic materials.
- We money for the sweet dreams project to buy bed sheets, blankets, beds and mattresses.
- We need physical shoes and also money to buy more shoes from here in Uganda for the happy feet project.
- We need more finances to build more boreholes

Funding Options and Current Challenges

as e have already identified 10 new areas without access to clean water.

- we need more finances to purchase more sowing machines, threads and needles for the women's ministry tailoring project.
- We need more physical computers and equipment for our computer laboratory at the school as well as computers, laptops, printers, routers for the head office in Kampala.
- We need more physical books and money to buy more academic text books for students in primary section.
- We need more physical supply of medicines and hospital equipment, because the number of people using the clinic keeps increasing day by day.

### Girl's Dormitory Project

Help us build a girl's dormitory so they could have a place to sleep and access to primary education. Rwentobo, a very poor community situated in Uganda, World Shine Ministries, provide the opportunity for children without resources to be able to study, have a good alimentation and a place to sleep.

The problem is that many of them live in places far away and they have serious problem to attend a school, and many more do not even have where to stay or someone who can take care of them. The construction of the dormitory has started and is right next to the school, and it would help that the children would have somewhere to sleep in the same town where the school is located and therefore World Shine Ministries would have the possibility to help them.

The building is up to stage and we need financial support to complete it, fix beds and other comfortable resources to make their stay a better one.

Fund this new Dormitory Project

World Shine Ministries

World Shine Ministries is a non-denominational, Non Political, Non Racial and Non Governmental Christian organization helping the church to Shine for Christ for healing of the Nations. It was founded in 2000 by Rev. Dr.

Medad and Connie Birungi with a burden of sharing the love of Jesus in word and deed to transform communities from ignorance, injustice, abuse, poverty, illiteracy into the Godly, self reliant, productive members to their societies, the nation and the world at large.

Our Vision

World Shine Ministries exists to raise godly men and women to lead Uganda and influence the Nations of the world for Christ.

Our Mission

Reaching, Raising and Releasing transformed Christian leaders for healing of the Nations.

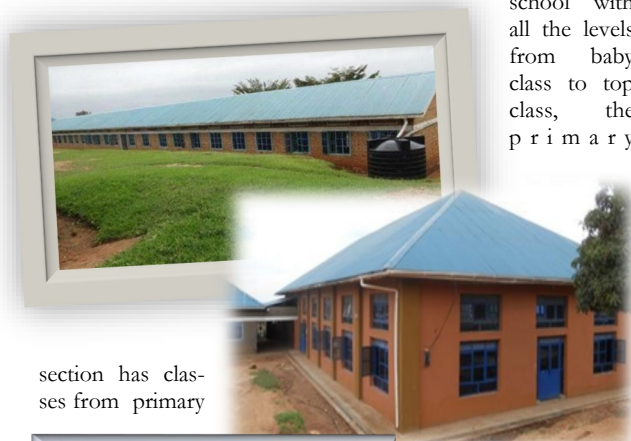

Children of World Shine Foundation School

What we do

- Evangelism and Discipleship
- Education and Development
- Social Concerns
- Women Empowerment Advocacy
- Healing and Deliverance
- Leadership Development
- Guidance and Counseling
- Youth Empowerment Advocacy

Education and Development

In 2005 World Shine Ministries got a dream to start and fully operate a school in Uganda which is currently a reality. Its called the World Shine Foundation Primary School in Rwentobo-Western Uganda. The school has a Kindergarten/ Nursery school with all the levels from baby class to top class, the primary

section has classes from primary

one to primary seven.

God has been faithful, we started the school by faith through the leading of the holy spirit, when we started, we started with a few temporary structures and just a handful of children, but over the years God has been faithful, through the love and generous contributions by our partners and sponsors. We now, have over 300, pupils currently in the school, and for the last two years, we have registered 98% success rate, being the best performing primary school in the area. We have over the also been able to build modern permanent structures, through the giving of our donors.

Women's Ministry

Since the inception of the ministry, Mrs. Connie Birungi (co-founder) has had a burden for women, to see them come to Christ, to see

them come out of depression, bitterness and anger and equip them with skills and some start up capital and

equipment for them to start businesses and become self reliant and celebrated members of society. The women's ministry runs a tailoring teaching unit at the school in Rwentobo, where over 100 women have been equipped with skills and knowledge in tailoring and upon completion, they are given sowing machines to get into the world and start sowing businesses so they can be able to provide for themselves and their children. The women's ministry runs a weekly women's fellowship in Kampala, where different women meet and pray together and share the word of God. The women's ministry runs a weekly home visit program, where members of the women's fellowship, visit different women in the communities, to pray with them, to stand with them during hardships and to share material items with those families in need.

Send a Goat Project/Animal Husbandry

Many families in western Uganda are living in poverty, therefore in response to this, World Shine Ministries runs a community financial empowerment project, called send a goat project, where a goat is given a poor family in the community and they are able to graze it and multiply it, and grow journey slowly out of poverty.

Happy Feet Project

Many students come from very far, some even over 20 kilo meters from the school, and they have to wake up as early as 4 am, just to get to school in time, but most of them did not have shoes, they used to walk with bare feet and many of them started getting wounds and blisters

on their feet, the director of the school in response to this started a happy feet project, where shoes are given to pupils, you should see the joy on a child's face the first he or she puts on shoes for the first time in their lives.

Sweet Dreams Project

Western Uganda is a very cold area and occasionally has a lot of rain, and storms, and therefore, the children and elderly suffer a lot when they don't have adequate beddings to sleep on at night, because many sleep on the floors.

The ministry through your generous giving provides mattresses, bed sheets and blankets to the parents of the community and also under privileged members of the community

Missions, Evangelism and Discipleship

The heartbeat of the directors and at the core of the ministries heart is the deep need and burden for many souls to come to Christ Jesus, that is why world Shine ministries has so many activities and programs geared towards brining people to Christ, raising them up in Christ and releasing them to the go and influence the nations for Jesus. Activities include:- *Healing for the nations international convention, Bethany weekly fellowship every Wednesday at directors home, Secondary School and University missions and crusades, Weekly Family alters, Home visits, Hospital visits and Prison visits, Conferences and missions, Professional workshops and leadership conferences.*

We hold a yearly healing of the nations international convention every year and thousands of people come every year, over 5 thousand decisions have been taken for Jesus Christ with many healed and many delivered from bondage.

World Shine Ministries has over the years distributed more than 100,000 bibles to the

people in Uganda some in English and some in the local language.

We believe that even as we offer academic knowledge to the pupils, we have burden of equipping them with the word of God that will guide them through their lives
